Communication of Citizens:

Citizen Tempelmeyer thought that there is a conflict of interest for people to vote themselves on to a committee and that the fire and rescue was to send a recommendation to the Board to have them voted on. Roger stated that he has fixed the generator at the village hall and also fixed the generator at the water tower, got new batteries in it and got it to fire up, but we need more fuel in it and we need a barrel of fuel for it. Devon asked how much it would cost. Roger was not sure. Roger noted that someone needs to start the generators once a month to keep the batteries charged. Devon thanked Roger for his work.

Larry motioned to go into executive session. Gary seconded. The time was 7:42.

Roger motioned to come out of executive session. Gary seconded.
